4442 Public Participation

At the request of the Chair, councillors **resolved** to adjourn the meeting to allow non-councillors to speak.

LCC Cllr J Tomlinson and Wyre Cllr D Swift sent apologies for absence.

LCC Cllr J Tomlinson sent an update regarding the Safer Roads Fund and section 106 plans for the A6 between Preston and Lancaster.

The following message was received from LCC Highways;

"Unfortunately, we are not yet in a position to provide any updated plans. Our Design team are still drafting the plans. I can advise that we have carried out feasibility studies for three proposed new signalised junctions, however, we need to do some further work on this. Our Road Safety team will share structured proposals with you and other councillors as part of the consultation as soon as they are available."

The first and second MOP spoke in relation to minute 4443, request for gate access from Goldfinch Drive. Both have concerns that gate access would change the character of the cul-de-sac and could lead to an increase in parking, antisocial behaviour and potential criminal activity.

Councillors assured MOP that the parish council is a long way from making a decision about a gate in this location. The first step is to contact the estates management

company and to discern ownership of the fence and grass verge/strip. Should this be possible, all householders on Goldfinch Drive would be consulted on the proposed gate before any decision was made.

The third MOP shared concerns relating to how overgrown the hedge is on the A6 by the junction of Cock Robin Lane. It is so overgrown that the road sign is partially covered and the sign in the A6 layby is completely covered. This hedge has been reported on Love Clean Streets and will be reported again. The hedge is an issue every summer, the issue will be raised with LCC Cllr J Tomlinson.

The new bus shelter on Cock Robin Lane, owned by Wyre Council seems wonky. The clerk will ask Wyre Council to come out and check the installation.

The fourth MOP raised issues with dogs off lead and dog fouling on Queen Elizabeth II Playing Field, Catterall. Advice was given that these issues should be reported to Wyre Council, the more reports the more visits Catterall will receive from the dog warden.

The MOP was also advised that issues with drugs, e-bikes and e-scooters should be reported to the police via 101 or via the online reporting tool.

At the conclusion of the public participation and at the request of the Chair, councillors **resolved** to reconvene the meeting.

4443 Request for gate access from Goldfinch Drive

Some residents have requested a gate or entrance from Goldfinch Drive to the new Collinson's path. There is already an existing self-made path used by the young and able but older less able residents cannot access the field easily. Several wish to join the groups on the field, but the existing walk is too far.

Councillors **resolved** to make enquiries as to who owns and maintains the fence and grass verge.

4444 Request for picnic bench for the dog field

A picnic table has been requested by residents for the dog field. Possibly to be sited between the two groups of trees near the edge of the field for use by young and old alike.

A Clifton picnic table from Glasdon, which is in a similar style to the benches on the park, can be purchased for £686.94 (net).

The 2026/27 budget does not include provision for a picnic bench, councillors resolved to **reconsider** the request at budget setting for 2027/28.

4445 Policy review – Donation/Grant Policy

Councillors **resolved** to accept the updated Donation/Grant Policy v1.3.
